

Directions: 1 drop for every 10 lbs. of animal's weight. Serve in the food (or water).

Our all-natural proprietary formula combines ionic minerals to address nutritional gaps by promoting optimal digestion, immune support, and overall well-being. Whether for cats, dogs, birds, small mammals, fish, or any other companion animal, Pet Intact™ is crafted for every life stage from playful youth to graceful senior years, including pregnancy, recovery from surgery or wounds, and reproductive processes.

Pet Intact™ helps:

- Support Healthy Digestion and Elimination
- Support Immune function, and Vitality
- Promotes Fresh Breath
- Reduce or Eliminate urine and ammonia odors
- Maintain Healthy Skin: Less Itching, Scratching and Hot Spots
- Increase Energy
- Reduce Stiff Joints
- Have Shiny Coats & Less Shedding
- Have Bright Eyes

This powerful tool supports a longer, healthier life, aids in maintaining vitality, and assists during critical times such as pregnancy, recovery from surgery or wounds, youth, and old age. Breeders rely on Pet Intact™ to provide nutritional support throughout the reproductive process, ensuring easier deliveries, exceptional milk production, and strong, healthy offspring. To keep pets show-ready with brighter dispositions, healthier hair coats or feathers, reduced shedding, and minimal eye staining or discharge, a regular regimen is standard. At every stage of your pet's life, Pet Intact™ supports a healthier, happier companion through balanced nutrition.
